

FALL

2019 PROJECT-BASED CHINESE LEARNING

EduConnects Chinese Immersion After School Program

Project-based language learning (PBLL) connects the language classroom to the world beyond through learners' focus on challenging problems or questions as an organizing principle for learning.

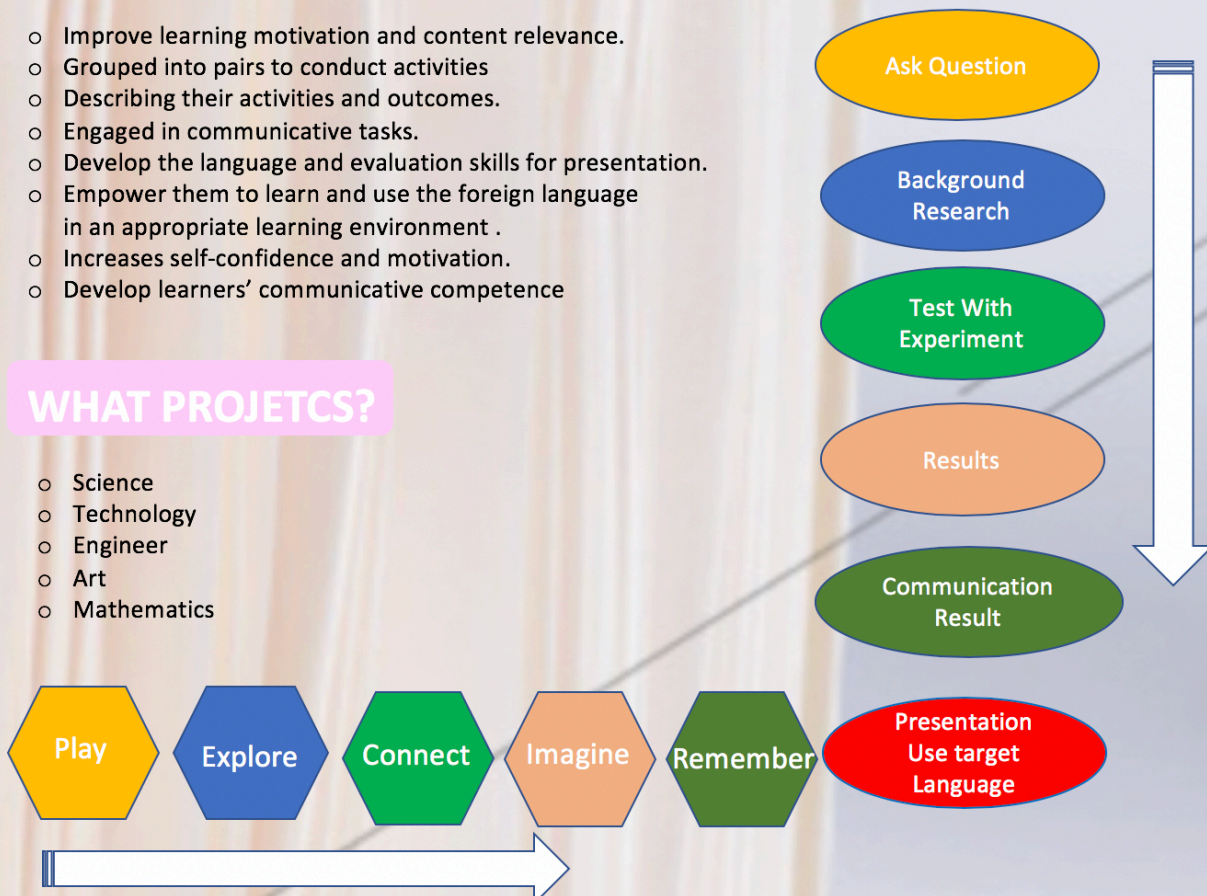

WHY PBCL?

- Improve learning motivation and content relevance.
- Grouped into pairs to conduct activities
- Describing their activities and outcomes.
- Engaged in communicative tasks.
- Develop the language and evaluation skills for presentation.
- Empower them to learn and use the foreign language in an appropriate learning environment .
- Increases self-confidence and motivation.
- Develop learners' communicative competence
